

Open letter to Furzehill residents, 21 March 2020

Many Furzehill Residents will know that I am a Parish Councillor on Colehill Parish Council, with Richard Lonsdale being a Councillor on Holt Parish Council. We have spoken today regarding us making a statement, not as Councillors but as Furzehill residents.

Whilst many of us routinely have no interest in the day to day activities of Colehill or Holt Parish Councils, it may very well be that in the coming weeks and months, that Parish Councils like Colehill and Holt, could be assuming a higher profile. Whether that will happen, or what that involvement may be are not yet determined, however, might we urge those of you who use the internet or social media, particularly Facebook, to join the [ColehillResilience](#) group and/or to regularly visit the Parish website at <https://colehill.gov.uk/>. Similar information is likely to be generated by Holt Parish Council via their newsletter and website. <http://www.holtparishcouncil.btck.co.uk>.

Please be aware that in no way is this post meant to undermine the outstanding work already undertaken, or the systems put in place for local support by our Residents Association, which is likely to be invaluable. We just wanted you all to know that over the coming days there will be a number of announcements from Parish Councils and we would just like you to be aware of some of the methods we will be using.

Kind regards

Stefan

Cllr Stefan Morawiec
Colehill Parish Council
